Dear **MRS PARKS** Parents, Staff & Students,

On behalf of Valerie Wood our road and safety presenter and myself (Georgia's mother) we would graciously like to extend to you a huge.....

THANK YOU

To the **parents and students**, we owe you a big "thank you" for so generously raising funds to help us reach our \$1.2 million dollar goal to build a state-of-the-art playground in Trace Manes Park - with a special focus on safety. Your contributions will ensure that children of all needs can play SAFELY and independently while enjoying the developmental benefit that a playground provides.

Every penny counts and cumulatively your efforts have shown how the greater community coming together, can help to make our dream a reality. You successfully raised **\$2002 dollars**. **WOW**, that is amazing, thank you.

Thank you also to **Mrs. Parks staff** for embracing our JUMP for Georgia, and supporting our mission to spread the message about why Road and Pedestrian Safety is so imperative. We couldn't have done it without you. You can feel proud in knowing that your school support will ensure that parents and children navigate themselves on the roads with more awareness and more intentionality, to ensure that all of our kids are kept safe.

With Heartfelt Thanks,

Jillian Walsh & Valerie Wood
